

KIDS DAY at the DINO MUSEUM NEEDS YOUR HELP !

The **Pikes Peak Pebble Pups** will be working
at the **Rocky Mountain Dinosaur Resource Center**
on December 27th 10 am to 4 pm for their program **KIDS DAY**.

I will be present along with Betty Merchant. We will demonstrate working with microscopes, equipment, and fossils. **I need YOUR help to do this.**

Here are the shifts you can Volunteer for:

9:30 am to 1 pm

9:30 am to 4:15 pm (all day)

1:00 pm to 4:15 pm

If you can volunteer, **bring some of your fossils** from your collection, photos, tools, or other items to show other kids about your hobby. There will be ample time to look around the museum and interact with the other presenters. We will have a nice time, and this may be the post-Christmas diversion you have been looking for.

If you can help me, please send an email telling me this along with *your* choice of shift.

Thanks.
Steve
